- Perfect for pressure washing exteriors

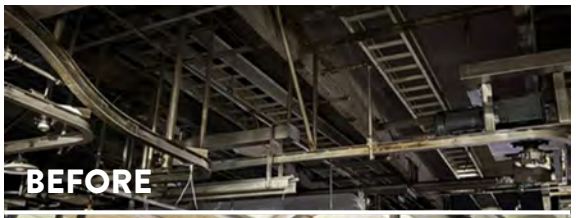

VOC FREE / NON-FLAMMABLE / BUTYL-& SOLVENT FREE
BIODEGRADABLE INGREDIENTS / NON-CORROSIVE / NPE-FREE

RECOMMENDED USES

- Residential
- Industrial Plants
- Commercial
- Warehouses
- Restaurants
- Hotels
- Hospitals
- Schools
- Cafeterias
- Automotive
- Fire & Water Damage/ Restoration

NATURALLY TOUGH ON GREASE & GRIME

Bioesque® Heavy Duty Cleaner & Degreaser provides superior deep cleaning and grease-fighting capabilities for the toughest jobs in the grimiest industrial or high traffic commercial settings. Unlike most heavy-duty cleaners, it is non-corrosive, non-flammable, has no harsh chemicals, and is completely biodegradable for a safer clean that is friendlier to the environment. Concentrated formula perfect for cleaning residuals left behind from Methamphetamines, Fentanyl, Heroin, Oxycodone and other illicit drugs. A real, convincing clean isn't a matter of elbow grease. It requires using the right product for the right purpose. That is why savvy restoration and cleaning professionals rely on Bioesque's Heavy Duty Cleaner & Degreaser.

BIOESQUE®

HEAVY-DUTY CLEANER & DEGREASER

DIRECTIONS FOR USE

Before using this product, test in a small, inconspicuous area to ensure compatibility. Determine proper dilution ratio as instructed below and test first. It is always best to start with a low dilution and work up to full strength to determine what will work best for the level of soiling being cleaned. **1.** Spray on surface and allow to sit for 1-2 minutes. **2.** Rinse or wipe clean with damp sponge, cloth or microfiber towel.

General Cleaning: Mix 2-3 ounces of product with 32 ounces (8-12 ounces per gallon) of water to clean floors, appliances, stainless steel, bathroom fixtures, and painted or stained surfaces such as cabinets, baseboards and no-wax vinyl.

Heavy-Duty Cleaning: Use full strength, spraying a generous amount on the area to be cleaned and allow it to remain on the surface to completely penetrate the buildup, then simply wipe away. For mold and mildew stains in grout, spray on, let penetrate for several minutes, then use a scrub brush to remove stains.

Fire Soot Cleanup: Spray a generous amount of product on the area to be cleaned and allow it to remain on the surface several minutes to penetrate organic buildup, then simply wipe away.

For Mold Stains in Grout: Spray on, let penetrate for several minutes, then use a scrub brush to remove stains.

Cleaning Floors: Use diluted: Mix 4-6 oz per 1 gallon of water. Use with mop or sponge. Finished wood: Use diluted only. Can be used in floor scrubbers at 2-3 oz per gallon.

Storage: Store in a cool, dry place and protect from freezing. Keep container closed when not in use.

HEALTH & SAFETY INFORMATION:

See label directions and SDS for complete usage and safety instructions.

The technical data and suggestions for use contained herein are correct to the best of our knowledge and offered in good faith.
